

Mastering Manual Mode

Reaching Your Full Potential as a Photographer

Elisha Snow | Master Supply List

To prepare for Elisha's class, please gather the following:

- any digital SLR camera (an SLR camera is one that has interchangeable lenses).
- memory card.
- your camera manual. If you don't have this, or can't find it anywhere, go to the manufacturer's website and download it. Or go to Google and type in the word "manual" along with your camera's make and model (for example "manual Canon Digital Rebel XTi").
- a small, 4" x 6" 1-up album or brag book.
- cardstock (for printing).

I can't wait to see you in class!

Elisha
