

## Journey to Happiness - What Matters Most

Lisa Day | Master Supply List

**Note from Lisa:** This class has no required supplies needed to participate. This is a “use what you love” type of class. However, I will be providing step-by-step instruction with the products I’ve used. If you are interested in using the same products I used to create my projects I have put together a kit to help make this easier!

While the kit is not required for participation it was designed and put together to help you free up your time and allow you to be able to focus on the class and ultimately on what matters most. The contents of the kit will allow you to create two mini albums and two layouts. The retail value of this kit is \$46.99. I am selling the kit to anyone registered for the class for \$39.50 (plus S&H). For a detailed look at what is included in the kit or to purchase please click [here](#). There are only a limited number of kits available so act quickly!

To purchase individual items, here is a detailed supply list for the class.
